

BRIDGES LONDON MARATHON RUNNER 2010

Support Bridges Community Centre and sponsor Rose in the London Marathon on 25th April 2010

Bridges is a vibrant and very popular centre for community activities in Monmouth. Over 1,000 people a week visit the Centre for a wide variety of clubs, societies and activities.

Rose Stevens has generously agreed to run the marathon for Bridges on April 25 2010. We have set a target of £3,000 to be raised from sponsoring Rose's efforts. This money will be used to help support the valuable work that Bridges does in the community of Monmouth.

In particular it will help to:

- Enable many self help groups to continue to meet at Bridges e.g.: Tea Dance, Gwent Association for the Blind, Epilepsy Group, MIND
- Support the activities of our interest club for senior citizens (COMIC)
- Extend our range of activities and services
- Pay for the cost of new boilers to heat the building
- Replace the lead that was stolen from the roof last year
- Improve facilities at Bridges for all users of the Centre
- Maintain an important hub of activity for Monmouth
- Preserve the important grade 2* listed building for the community

The Bridges charity is totally reliant on its own efforts, through fundraising, project work and hire income, to maintain this wonderful facility for the people of Monmouth. Your help in ensuring this important work is able to continue would be very much appreciated.

See reverse of this leaflet for information on how to give.
